

# Canterbury Summer Camp

## We can't keep calm and can't wait to see you!!

We are so glad to be back this Summer and will be conducting workshops from 19th July - 23rd July for kids between the age group of 7 to 13 at the Malt House.

In this holiday tech camp (individual days can also be booked), children will learn about coding through the use of various technologies to grasp key programming and engineering concepts in a fun learning environment. We've our exciting session Spies and Secret codes back by popular demand where we will learn about cryptography. Learn to crack the code! Decipher the amazing world of clues and codes to be a super sleuth - follow in the footsteps of Enola Holmes and her famous brother Sherlock. In the process we will learn how to stay safe online. Internet safety is important. We are going to learn lots while having fun!

The workshops are as follows (add all 5 days to your basket to get a 10% discount):

<b>Day</b>	<b>Time</b>	<b>Courses</b>
Monday, 19th July 2021	10:00 AM - 3:00 PM	Minecraft Coding - Ancient Egypt
Tuesday, 20th July 2021	10:00 AM - 3:00 PM	Game Design
Wednesday, 21st July 2021	10:00 AM - 3:00 PM	Minecraft Coding - Zombie wars
Thursday, 22nd July 2021	10:00 AM - 3:00 PM	AR/VR Coding
Friday, 23rd July 2021	10:00 AM - 3:00 PM	Spies and Secret Codes (Cyber)

Where: The King's School Malthouse Campus, Malthouse Theatre, Malthouse Road, Canterbury, CT2 7JA

What to bring: Nut-free packed lunch, refillable water bottle

Age Requirement: 7+

Timings: 10AM – 3PM

No prior coding experience necessary. If your child has been to one of these workshops before, then their learning will be extended further and they will not have to repeat the same content as before. Limited spaces available.
