U9 hockey v Dover College Report by Greta Grand (Block 4)

It was a sunny Wednesday when the U9's visited Dover College for their first hockey match of the season, being coached by Mr Waldie, with Mr Spencer supporting.

The first half was very close and both sides hadn't managed to score a goal yet. Although there were occasional opportunities to score for both the Wellesley and Dover team.

At half-time, after we listened to Mr Waldie's spectacular pep talk and had a drink of water, we were ready for the second half and had more motivation than ever. The first two goals were scored brilliantly by Suri Lear and another one by Greta Grand while the other players were working expertly on the other side of the pitch defending our goal.

After Mr Waldie blew his whistle it was the end of the game. We were exceedingly tired but proud. Well done to all the girls who played! It was an excellent game and we are excited for our future matches.
