Happy Easter from Atom!

Holiday Course Details

Getting Started with ISEB Pre-Test Prep

In this course, your child will cover the fundamentals of ISEB Pre-Test preparation from both a content and exam technique perspective. They will work through exam questions as well as receiving tips on the specific requirements of the ISEB test.

11+ Verbal + Non-Verbal Reasoning Courses

11+ entrance exams are less than 6 months away! Get a head start on your preparation with our Verbal and Non-Verbal Reasoning courses. In these sessions, your child will cover the trickiest reasoning topics that can crop up at the 11+ level, with plenty of practice questions to hone their skills.

Breaking the Ice: Let's Talk Climate Change

What is climate change? What are its effects? How can we stop it? In this fun course, we will combine science, geography and persuasive writing to try to answer some of the world's big questions.

Maths FUNdamentals

Join us on this 4-day maths course for year 3 and 4 students to learn all of the FUNdamentals of geometry and measurement. Look forward to pop quizzes, helpful diagrams and most importantly, lots of fun!
